Locket photo guide

PLEASE NOTE:

- Before you print, ensure that page scaling is set to "100%" in your printer options.
- Make sure you print on standard A4 paper (210 x 297mm).
- Measure the locket shapes to ensure the template has been printed to the correct size.

STEP 1

Find your locket from the product types below.

STEP 2

Make sure you print on standard A4 paper (210 x 297mm).

STEP 3

Cut out your chosen locket shape from the printed template page. Place the locket shape template over your photo in the desired position.

STEP 4

Trace the locket shape onto your photo then cut along the traced line. Your photo should now fit perfectly within your new locket.
